

# Next Gen Ethernet

Guy Brunsdon

## Building, Running, Managing & Deploying 10GE

### Top Challenges facing IT Managers:

- > What standards, where? Cu: Twinax, 10GBase-T, Optical?
- > Architecting for 10GE to the edge
- > When?

### Top Opportunities facing IT Managers:

- > Infrastructure simplification
- > High performance storage I/O -- NFS, iSCSI, FCoE, ...
- > Further leverage advanced virtualization capabilities
  - DRS & VMotion—migrating live VMs
