

See the Future of IT at Interop

TIME	SESSION TITLE	TRACK	ROOM	PASS TYPE
MONDAY				
9:00 AM-4:30 PM	CI01—CIO Boot Camp: IT Emergent: High Value Leadership in a Low Tolerance World - Day One	IT Management	Room 1E12	A, B, D, E
	DV1—Desktop Virtualization: The New "Desktop" - Delivering Virtual Desktops and Applications Anywhere	Virtualization	Room 1E15	A, B, D, H
	ECS1—Enterprise Cloud Summit - Private Clouds	Cloud Computing	Room 1E11	A, B, D, F
	W10—Principles of Effective IT Management - Day One	IT Management	Room 1E08	A, B, D, G
	W12—Deep Packet Inspection with Wireshark	Networking	Room 1E07	A, B, D
TUESDAY				
9:00 AM-4:30 PM	CI02—CIO Boot Camp: IT Emergent: High Value Leadership in a Low Tolerance World- Day Two	IT Management	Room 1E12	A, B, D, E
	VM1—Virtualization Management: The Road to Private Cloud	Virtualization	Room 1E15	A, B, D, H
	ECS2—Enterprise Cloud Summit - Public Clouds	Cloud Computing	Room 1E11	A, B, D, F
	W20—Principles of Effective IT Management - Day Two	IT Management	Room 1E08	A, B, D, G
	W21—Security Tool Time	Information Security and Risk Management	Room 1E16	A, B, D
	W22—The Big Fix: Application Performance Analysis and Troubleshooting	Networking	Room 1E07	A, B, D
	W23—Mastering Enterprise Mobility	Wireless and Mobility	Room 1E09	A, B, D
WEDNESDAY				
9:00-10:20 AM	Keynotes	Open to All	Special Events Hall	J
9:00 AM-4:30 PM	Carrier Cloud Forum - Hosted by Light Reading & Heavy Reading	Cloud Computing	Room 1E11	A, B, D, I
10:30 AM-5:00 PM	Expo	Open to All	Exhibit Hall	J
10:30-11:20 AM	Social Media as the Top Malware Delivery Vehicle - How to Protect Your Network	Information Security and Risk Management	Room 1E07	A, B, C
	Cloud-based Convergence of Desktop, Communications & Social Apps: Microsoft Office 365 vs. Google Gmail/Docs	Communications as a Service	Room 1E08	A, B, C
	Perspectives 2012: Wireless/Mobile Analyst Roundtable	Wireless and Mobility	Room 1E09	A, B, C
	Deep Dive: Cloud Crash Course	Cloud Computing	Room 1E12	A, B, C
	The Impact of Consumerization on Networking	Networking	Room 1E15	A, B, C
	Virtualization Pain Points - Optimizing Backup and Storage for the Virtual/Cloud Infrastructure	Virtualization	Room 1E16	A, B, C
11:30 AM-12:30 PM	Exploring E-Mail Encryption Strategies	Information Security and Risk Management	Room 1E07	A, B, C
	Great Debate: Is Your Next Notebook A Tablet?	Wireless and Mobility	Room 1E08	A, B, C
	Scalable Video Coding (SVC): A Technical Overview and Projections	Video	Room 1E09	A, B, C
	What are the Next Steps for WAN Optimization?	Networking	Room 1E15	A, B, C
	Virtualization Security and Compliance	Virtualization	Room 1E16	A, B, C
2:00-3:00 PM	Putting the 'Action' and 'Intelligence' in Actionable Security Intelligence	Information Security and Risk Management	Room 1E07	A, B, C
	Great Debate: We Will Always Have Private Clouds	Cloud Computing	Room 1E08	A, B, C
	Leveraging Voice and Video in the Cloud: Integrating Skype, GoogleVoice and Other Platforms with Enterprise UC	Communications as a Service	Room 1E09	A, B, C
	Breakthroughs in the WAN	Networking	Room 1E15	A, B, C
	Building Mobile Apps	Wireless and Mobility	Room 1E16	A, B, C
2:00-4:15 PM	Deep Dive: Server and Desktop Virtualization Basics: Terms, Trends and Technologies	Virtualization	Room 1E12	A, B, C
3:15-4:15 PM	Solving the Insider Threat Challenge: What We Can Learn from WikiLeaks	Information Security and Risk Management	Room 1E07	A, B, C
	Solving the In-Building Cellular Coverage Problem	Wireless and Mobility	Room 1E08	A, B, C
	The Impact of Cloud Computing on the Network	Networking	Room 1E09	A, B, C
	Customer Use Cases and Platform Choices for Social and Collaborative Technologies	Enterprise 2.0	Room 1E15	A, B, C
	FCoE vs. iSCSI - Making the Choice	Storage	Room 1E16	A, B, C
3:30-5:00 PM	Booth Crawl	Open to All	Exhibit Hall	J

PASS TYPE KEY

A Flex Pass	E CIO Boot Camp	H Virtualization Days
B Interop Conference + Workshop	F Enterprise Cloud Summit	I Carrier Cloud Forum
C Interop Conference	G Principles of Effective IT Management	J Open to All Attendees
D Workshops		

See the Future of IT at Interop

TIME	SESSION TITLE	TRACK	ROOM	PASS TYPE
THURSDAY				
9:00-10:20 AM	Keynotes	Open to All	Special Events Hall	J
10:30 AM-5:00 PM	Expo	Open to All	Exhibit Hall	J
10:30-11:20 AM	The Evil Hack in the Sky - Cloud Security	Information Security and Risk Management	Room 1E07	A, B, C
	Great Debate: Is this the End of Physical Appliances?	Networking	Room 1E08	A, B, C
	Data Center Services Reliability	Data Center	Room 1E09	A, B, C
	Automating Infrastructure: What Makes Clouds Run	Cloud Computing	Room 1E12	A, B, C
	Best Practices for Desktop, Application and User Virtualization	Virtualization	Room 1E15	A, B, C
	Hosted Unified Communications: Better than Buying?	Communications as a Service	Room 1E16	A, B, C
10:30 AM-12:30 PM	Deep Dive: Best Practices for Wireless and Mobile Management, Operations and Security	Wireless and Mobility	Room 1E10	A, B, C
11:30 AM-12:30 PM	What Got Us Secure Isn't Keeping Us Secure: Enter Security Optimization	Information Security and Risk Management	Room 1E07	A, B, C
	Making Sense of Multi-Path Ethernet Networks	Data Center	Room 1E08	A, B, C
	Performance Issues and Optimization over Cellular and Wireless	Networking	Room 1E09	A, B, C
	Cloud Computing Models and Governance	Cloud Computing	Room 1E12	A, B, C
	The Future of the 'Desktop' or, the 'Desktop' of the Future	Virtualization	Room 1E15	A, B, C
	The Future of Video Conferencing: Where Will All these New Options Take Us?	Video	Room 1E16	A, B, C
2:00-3:00 PM	Top 5 Things You Should Do Before You Buy Another Piece of Information Security Technology	Information Security and Risk Management	Room 1E07	A, B, C
	Unifying Compute Storage, Networking, and Management	Data Center	Room 1E08	A, B, C
	What You Don't Know Could Kill Your DV Project	Virtualization	Room 1E09	A, B, C
	How to Get Private Cloud Right	Cloud Computing	Room 1E12	A, B, C
	Finding the Optimal Mobile Strategy: Apps vs. the Cloud	Wireless and Mobility	Room 1E15	A, B, C
	Driving Organizational Change with Social and Collaborative Technologies	Enterprise 2.0	Room 1E16	A, B, C
2:00-4:15 PM	Deep Dive: Architecting and Evaluating Technologies for Your Next Data Center LAN	Networking	Room 1E10	A, B, C
3:15-4:15 PM	Application Security, Beyond the Firewall	Information Security and Risk Management	Room 1E07	A, B, C
	Great Debate: iSCSI Beats Fibre Channel	Storage	Room 1E08	A, B, C
	Secure Cloudbursting from VMware to Amazon EC2	Cloud Computing	Room 1E12	A, B, C
	Gigabit Wi-Fi	Wireless and Mobility	Room 1E15	A, B, C
	SaaS Plus CaaS: Will the Salesforce Chatter Model Disrupt Enterprise UC?	Communications as a Service	Room 1E16	A, B, C
FRIDAY				
9:00-10:00 AM	The Latest Hacker Tools and Attacks	Information Security and Risk Management	Room 1E07	A, B, C
	Paradigm Shift: Bring Your Own Device (BYOD)	Wireless and Mobility	Room 1E08	A, B, C
	Virtualization + Management & Automation = Private Cloud?	Virtualization	Room 1E09	A, B, C
	Ready or Not... IPv6 is Here!	Networking	Room 1E15	A, B, C
	Storage Requirements for Big Data	Storage	Room 1E16	A, B, C
10:15-11:15 AM	Next-Generation Threat Protection: Stopping Advanced Malware, Zero-Day, and Targeted Advanced Persistent Threat Attacks	Information Security and Risk Management	Room 1E07	A, B, C
	Best Practices: The Road From Server Virtualization/Consolidation to Private Cloud	Virtualization	Room 1E08	A, B, C
	4G Broadband: What You Need to Know About LTE	Wireless and Mobility	Room 1E09	A, B, C
	User Experience: Monitor the Network or Monitor the Application?	Networking	Room 1E15	A, B, C
	Selecting the Right Platform Solution	Data Center	Room 1E16	A, B, C
11:30 AM-12:30 PM	Less is More: Avoiding Firewall Policy Bloat	Information Security and Risk Management	Room 1E07	A, B, C
	Handsets: Trends and Technologies	Wireless and Mobility	Room 1E08	A, B, C
	Building VMware Private Clouds	Virtualization	Room 1E09	A, B, C
	Network Management: Which Direction to Take?	Networking	Room 1E15	A, B, C
